

PUBLIC INFORMATION CENTRE #2

Highway 69 Detail Design from Highway 64 to Estaire (GWP 5379-02-00)

The Study

The Ministry of Transportation (MTO) has commenced the Detail Design for the four-laning of 21.5 km of Highway 69 from Highway 64 northerly to 8.7 km north of Highway 637 (at Trout Lake Road in Estaire).

The proposed works include:

- Four-laning of Highway 69 on twinning and new alignment sections; and
- Two new interchanges: one north of Crooked Lake Road and the other at Highway 637.

The study is:

- Reviewing and building on the findings of the Route Planning and Environmental Study Report completed by MTO in September 2004;
- Being carried out as a Group 'B' project in accordance with the Class Environmental Assessment for Provincial Transportation Facilities; and
- Being documented in separate Design and Construction Reports (DCRs) – one for each section of the study area.

Public Information Centre (PIC) #2

Public Information Centres are being held for the 9.4 km section, from Highway 637 northerly to Estaire (Trout Lake Road) to present the Recommended Plan for **Section #2 as shown on the adjacent plan**. Public Information Centres for subsequent sections will be advertised in local newspapers.

Members of the public are invited to attend as indicated below.

Wanup Community Centre
23 Old Wanup Road
Date: July 9, 2008
Time: 2:00 p.m. to 4:00 p.m.

Alban Community Centre
Highway 64, Alban
Date: July 9, 2008
Time: 6:00 p.m. to 8:00 p.m.

The purpose of PIC #2 is to:

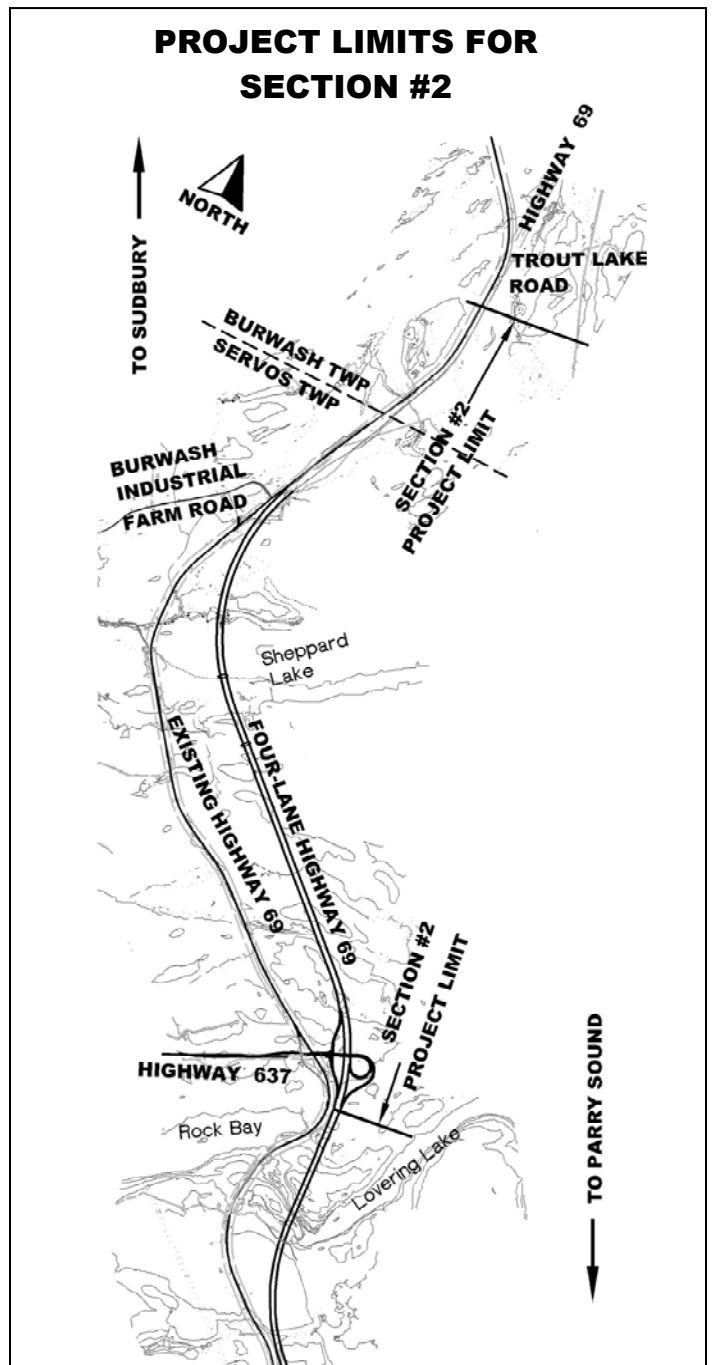

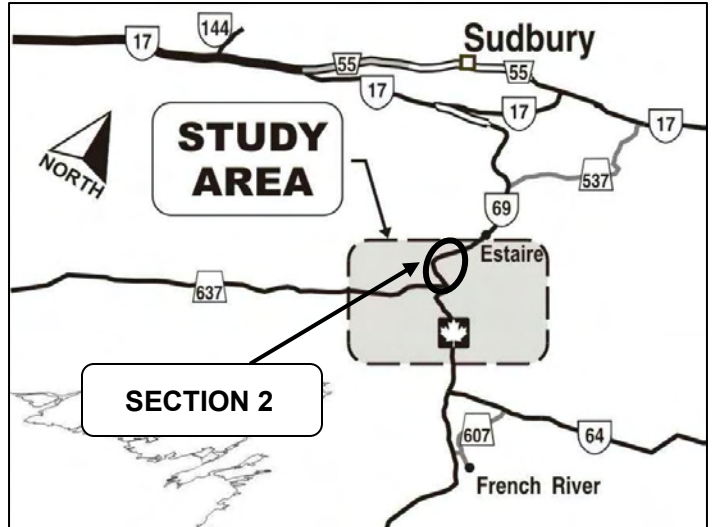

- Display and seek input on the Detail Design of Section 2;
- Provide an update on the remaining sections of the study area; and
- Answer questions about the study.

Staff from MTO and their consultant, Totten Sims Hubicki Associates (TSH), will be in attendance at the PIC to answer questions. You are encouraged to attend the PIC and provide comments to the Project Team.

For project updates and information regarding the study, please visit www.highway69.ca or contact:
